EURO TOOL – Your Source for Success®

## Enameling Made Easy

Another great idea by artist **Eugenia Chan** makes enameling easier than ever. Enameling has been an art for centuries, but new tools from EURO TOOL make your creativity shine.

Our new **Enameling Spatula** is a simple, lightweight design that acts as an extension to your design piece. Place your metal shape right on the spatula, sift on the enameling powder and carry it to the firing station without the worry of fingertips disrupting the design. Length 5-1/4".

**HOL-123.00**

**Retail Price: \$7.95**

*Design your piece  
AND move it with our  
enameling spatula!*

## Design Stencils for Enameling

Add flair and dimension to your enamel creations with design stencils by **Eugenia Chan**. Made of see-thru, semi-rigid acrylic, each stencil measures 3-1/2" x 3-1/2". Each set contains 5 unique stencils with designs shown below.
